

Café Barriers

Layout Examples

Café barriers are a practical and professional way to define outdoor seating areas, manage queues, or boost brand visibility on the high street—ideal for cafés, bars, and restaurants. Whether you're after a budget-friendly setup like the sleek, black powder-coated Terrazza Nero, built for everyday use with wide bases and spring clips, or a more premium option like the polished stainless-steel Terrazza Argento, complete with top and bottom rails for a refined finish, these modular systems offer a smart way to enhance outdoor spaces while attracting footfall.

Base Kits & Extensions

Each café barrier style is available as either a Base Kit or an Extension Kit, giving you the freedom to build a setup that suits your space. The Base Kit includes two sturdy bases and the appropriate fixation method (depending on the chosen finish) making it ideal as a standalone unit or the starting point for a longer barrier run. To expand your layout, simply add an Extension Kit, which includes one base, matching fixation, and your custom fabric banner. The modular system makes it easy to create continuous rows or divide your space into separate zones — just keep in mind that each independent row will require its own Base Kit.

Example Layout 1 Straight Line

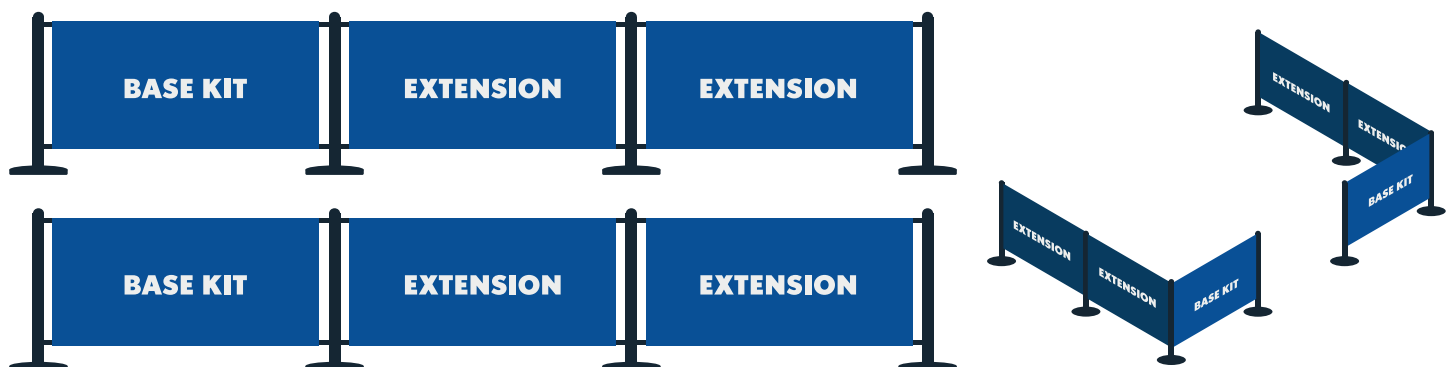

1 x Base Kit and 3 x Extension Kits

This illustration highlights the differences between the two kits and how they work. Each row needs its own Base Kit.

Example Layout 2 Double L-Shape

2 x Base Kit and 4 x Extension Kits

Illustrations are not to scale and does not reflect exact product specifications. For illustrative purposes only.

Layout Examples

01. Simple L-Shape

1 x Base Kit and 2 x Extension

Small and simple that cordons off a section of the premises.

02. Cafe Corner

1 x Base Kit and 4 x Extension

Tucks neatly into corners, great for smaller spots.

03. Double L-Shape

2 x Base Kit and 4 x Extension

Symmetrical and stylish, works well on corner plots.

04. Medium Cafe Corner

1 x Base Kit and 6 x Extension

A roomier corner setup with extra presence.

Layout Examples

05. Enclosed Area

2 x Base Kit and 6 x Extension

Creates a clear zone for seating or queues.

06. Large Double L-Shape

2 x Base Kit and 7 x Extension

Big, bold and balanced, made for busier areas.

07. Large Enclosed Area

1 x Base Kit and 9 x Extension

Spacious and secure, ideal for large gatherings.

08. I'll Take the Lot

2 x Base Kit and 9 x Extension

Maximum coverage with maximum impact.
